

Hinged Wall Brackets

A range of “easy to use” and low cost Wall Mounting Brackets for datcomm and telecomm applications.

19inch compatible and with a hinged angle these brackets provide a flexible solution to mounting network switches or routers in locations that would not normally suit a freestanding cabinet.

Key Features:

- Available in 2u, 3u 4u and 6u heights and depths of 100mm and 300mm
- Supplied with top and bottom cover plates
- Cut outs to top and base for cable entry
- Universal wall mounting slots to allow the hinged bracket to be fitted on the left or right of the bracket

Specification:

- Formed construction in 1.2 mm Steel
- Top and base covers in 1.2 mm steel
- Painted in black powder paint
- 19 inch Compatible mounting angles
- Hinged mounting bracket to one side of bracket
